

## Cooktown State School Prep teachers

Mrs Debbie Potts - Teacher  
Mrs Kristy Madden -Teacher Aide

### *Friendly, Knowledgeable Staff Successful*

All our teachers have earned recognition for the results their students have achieved within all areas of the new Australian prep curriculum (ACARA)

### **Friendly**

Families and carers are welcome in our classrooms and many enjoy listening to reading or helping with the program

### **Local**

Nearly all of our prep staff are locals. They love Cooktown and have made it their long-time home

### **Approachable**

We have regular parent-teacher interviews but families are welcome to talk with their child's teacher every day, and many do!

### *Finding the teacher who's right for you...*

With a choice of 2 teachers and 2 rooms, we are more than happy for you to come and visit our school so you can have a good look around and make the best choice for your child. Although both teachers follow the same Australian curriculum and achieve the same academic results, each room has its own particular feel as it reflects each teacher's individual personality. Your child, your choice!

## "Welcome to Prep at Cooktown State School"

At Cooktown State School we are proud of our prep program. We have worked hard to create a special environment for the youngest members of our school community, an environment where they can all flourish and reach their full potential. In fact, our prep students enjoy spending their school days in their own special area, a

wonderland created just for them. Our prep precinct even has its own playground for our special preps! Nestled in their playground is a boat, in which they can play together with friends and conquer the high seas! The preps also enjoy tending their very own garden, where they learn how to plant and care for a range of flowers, herbs and vegetables. Set in a secluded area, bordered by natural bushland, the preps are also able to find out about our unique tropical environment.

What more could any young child wish for?

A magical wonderland in which to learn, surrounded by friends, many of whom have shared their journey from birth to school, and will share their learning journey with them as well!

**"Sending my child to Cooktown State School was the best decision I could have made. He is already teaching his baby brother to read!"**
