Computer Consent

Parent or Guardian Agreement:

I understand that the computers can provide students with valuable learning experiences.

I also understand that the internet gives access to information on computers around the world; that the school cannot control what is on those computers; and that a small part of that information can be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I have discussed this agreement with my child and I believe he/she understands this responsibility and I hereby give my permission for him/her to access the computers under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of computers access.

We have read and agree to comply with the computer's agreement.: YES/NO
